

Table 3. Degree of Pulmonary Edema as Compared with Blood-Volume Replacement in Patients Having Irreversible Shock

Degree of Pulmonary Edema	Average Blood-Volume Replacement	Number of Patients
None (below 500 gm.)	2.0 liters	1
Slight (500-700 gm.)	4.8 liters	3
Moderate (700-900 gm.)	12.0 liters	1
Marked (more than 900 gm.)	13.0 liters	6
