* The details relative to disposition of appropriations available to the Medical Department are taken, except for motor ambulances, from the Annual Report of the Surgeon General for the years 1917 to 1921, inclusive, and are believed to represent the best data obtainable outside the Office of the Comptroller General of the United States. The records in the latter office have not been consulted.

° The total disbursement for motor vehicles for the Medical Department was \$15,802,424.11, the remainder being disbursed after the transfer of that activity to the Motor Transport Corps. (See chapter on ambulances for details.)

* This does not include the sum disbursed for this purpose under the Chief of the Chemical Warfare Service.
