	+							
25	+				+			
26	+							
27	+							
28	0		+	+	0			
29	+							
30	0		+					

¹ Multiple reports for same procedure represent results of trials on different occasions before treatment.

² Other diagnostic procedures (skin, tonsil) gave negative results.

KEY.—+, positive result; 0, negative result.
