

	<i>Number of cases</i>
Contributory or associated condition: ¹	
Intracranial abscess.....	1
Intracranial blast trauma.....	1
Encephalomalacia.....	6
Intracranial hemorrhage or hematoma.....	7
Cerebral ischemia.....	2
Meningitis.....	1
Cerebral trauma, unclassified....	6
Maxillofacial trauma.....	14
Total intracranial.....	38
Cervical hemorrhage.....	3
Cervical trauma.....	8
Total cervical.....	11
Hematomyelia.....	4
Spinal cord hemorrhage.....	1
Transection of spinal cord.....	2
Partial transection of spinal cord..	1
Spinal cord trauma.....	8
Total intraspinal.....	16
Crushing trauma of extremity....	3
Frostbite or immersion syndrome..	1
Extremity hemorrhage.....	15

Contributory or associated condition ¹ —Continued	<i>Number of cases</i>
Sepsis in extremity.....	8
Extremity trauma.....	66
Total extremities.....	93
Abdominopelvic trauma.....	14
Extraperitoneal abscess.....	2
Intraperitoneal abscess.....	6
Adrenal hemorrhage.....	3
Adynamia ileus, severe.....	5
Adynamia ileus, mild or moderate.....	7
Abdominal blast trauma.....	2
Abdominal blast trauma, suspected.....	3
Cellulitis, mural and extraperitoneal.....	3
Peritoneal contamination from hollow viscera.....	39
Crushing trauma of abdomen....	1
Crushing trauma of abdomen, suspected.....	1
Evisceration, postoperative.....	1
Gangrene of bowel.....	1
Gastric dilatation.....	6
Abdominal hemorrhage, primary..	50
Abdominal hemorrhage, recurrent or delayed.....	2

Contributory or associated condition¹—Continued

Number of cases

Contributory or associated condition¹—Continued

Number of cases

Hepatic degeneration, toxic.....	16
Hepatitis, epidemic.....	4
Hepatitis, epidemic, suspected..	1
Inflammation of gastrointestinal tract.....	2
Intestinal obstruction, severe ..	1
Intestinal obstruction, mild or moderate.....	1
Leaking suture line	1
Nephropathy evident, unclassified.....	31
Operative wound infection.....	3
Pancreatic hemorrhage.....	1
Pancreatic trauma.....	1
Peritonitis, severe	7
Peritonitis, mild or moderate.....	18
Peritonitis, suspected	2
Renal repair, parenchymal.....	2
Renal trauma.....	18
Renal trauma, suspected	2
Splenic degeneration, toxic	4
Splenomegaly.....	6
Unrepaired wound of hollow viscus.....	1
Ureter traumatized or tied.....	3
Urinary tract repairs.....	1
Total abdominal.....	262
Pulmonary atelectasis, severe ..	1
Pulmonary atelectasis, mild or moderate.....	13
Pulmonary blast trauma.....	9
Pulmonary blast trauma, suspected.....	6
Bronchial fistula.....	1
Cardiac trauma.....	1
Cardiac trauma, suspected.....	1
Continuing intrapleural hemorrhage.....	1
Crushing trauma of chest.....	1
Dilatation of heart, severe.....	9
Dilatation of heart, slight or moderate.....	11
Empyema, mild or moderate.....	1
Empyema, suspected.....	1
Hemopneumothorax.....	27
Hemothorax without pneumothorax.....	3
Hydrothorax, severe.....	1
Hydrothorax, slight or moderate..	23

Intrapulmonary hemorrhage, severe.....	7
Intrapulmonary hemorrhage, mild or moderate.....	21
Mediastinal edema.....	3
Mediastinal hemorrhage.....	3
Myocardial decompensation.....	27
Myocardial decompensation, suspected	27
Pneumonia, severe.....	4
Pneumonia, mild or moderate ..	19
Pneumonia, suspected.....	3
Pneumonitis.....	3
Pulmonary edema, severe	45
Pulmonary edema, slight, moderate.....	12
Purulent bronchitis.....	3
Tension pneumothorax.....	3
Tracheobronchial obstruction with blood and mucus	1
Thoracic trauma.....	13
Pleural contamination from hollow viscera in abdomen	1
Total thoracic.....	305
Gas gangrene of extremity.....	2
Gas gangrene of extremity, suspected.....	3
Gas gangrene of head, neck or trunk.....	1
Pulmonary fat embolism.....	8
Pulmonary fat embolism, suspected.....	4
Thrombosis, renal artery.....	3
Pulmonary thrombotic embolism.....	5
Pulmonary thrombotic embolism, suspected.....	1
Infarction of kidney.....	1
Infarction of lung.....	1
Thrombosis, intracranial vessel..	1
Thrombosis, extremity artery....	2
Thrombosis, extremity veins....	1
Anemia, refractory or severe....	8
Jaundice.....	10
Malnutrition, severe.....	1
Transfusion reaction, severe	3
Total general.....	57

¹ These are in addition to the condition listed as the immediate cause of death.
