**GUIDELINES FOR MANUSCRIPT SUBMISSIONS**

- Submit articles electronically, as either a Microsoft (MS) Word document or portable document format (PDF), via email attachment (with illustrations, etc).
- Original files for Illustrations, graphics, and photos must be sent in their original format, separately from the text file.
- Manuscripts should be no longer than 24 double-spaced pages. Exceptions will be considered on a case-by-case basis.
- The *American Medical Association (AMA) Manual of Style* governs formatting for submissions. All articles should conform to those guidelines as closely as possible. Abbreviations/acronyms should be limited as much as possible. Inclusion of a list of article acronyms and abbreviations can be very helpful in the review process and is strongly encouraged.
- A complete and accurate list of all references cited in the article must be provided with the manuscript. The following is a synopsis of the American Medical Association reference format:
  - Reference citations of published articles must include the authors’ surnames and initials, article title, publication title, year of publication, volume, and page numbers.
  - Reference citations of books must include the authors’ surnames and initials, book title, volume and/or edition if appropriate, place of publication, publisher, year of copyright, and specific page numbers if cited.
  - Reference citations for presentations, unpublished papers, conferences, symposia, etc, must include as much identifying information as possible (location, dates, presenters, sponsors, titles).
- Supporting graphics can be either black and white or color; however, color produces the best print quality. Avoid excessive use of multiple colors and shading in tables/figures. Digital graphics and photos (JPG, GIF, BMP) must be press quality (minimum 300 dpi). Please do not send embedded photos. Images submitted on slides, negatives, or copies of X-ray film will not be published. Clearly indicate the desired position of all graphics within the manuscript.
- Authors’ names, ranks or academic/certification credentials, titles, positions, current unit of assignment, and contact information must be included on the title page of the manuscript.
- Ensure PAO/OPSEC approval is included with your submission.
